## GUILT-FREE Cross-dressing

*Amanda Hawkins*

Okay, this is good... the dude who broke in and made me feminize myself at gunpoint---he doesn't know I'm a transvestite. I told him the feminine stuff---the makeup, the clothes and everything---belongs to my girlfriend, who's out of town right now. I think he bought it.

I dunno if he's just gullable or what. He didn't bat an eye when I told him the breast forms were because Tammy's got a really small chest. I had to use my own femme name in case he goes through my purse and finds my fake ID. I didn't tell him what the panty gaff is for; I just put it on like it was a pair of firm-control panties. He didn't ask why I was already hairless from the neck down either.

I wonder what's going to happen next. This guy must have some kind of forced-fem fetish, but he already turned me into a girl. What else could he do?

The funny thing is, this is the first time in my life I've been cross-dressed without feeling horribly guilty about it. I didn't choose to do this, he made me dress up. Yes, I was all shaved and ready to go hard-core en femme tomorrow, but tonight was my time to chill out as a guy. So now I'm a girl, but don't feel ashamed about it.

When you think about it, why should I ever feel guilty? It's not like I chose to be this way. It was some combination of my dna and the way I was raised, plus stuff like advertising and the way women are always portrayed as objects of desire. And if you can't get the girl yourself then hey---why not be one instead? It makes perfect sense.

So, uh... You didn't tell me your name, so how about I just call you Rocky, okay?

So, Rocky... how about telling me where you're taking me, all dolled up like this? I mean, that deep throat stuff was pretty wild, although it would've been nice to have a say in the matter. And thanks for washing, by the way; that made it a lot more like a real date. That was my first time, by the way. I was surprised I managed to swallow every last drop. But I can see what the appeal is—for women, I mean. I'm a girl at the moment, which is why I get it. I could see doing it again, hopefully under different circumstances.

Pipe down, will ya, dude? We're almost at my buddy's place.

Your buddy, huh? Is he like you, a man who appreciates what a girl like myself has to offer? Things that regular women can't or won't do? That's cool... I wouldn't mind a little back-door action, if you catch my drift. I've never done that before either, but you always wonder, right? You'd have to force me, of course, because I'm a guy and I don't go in for that sort of thing. I'm not gay, I'll have you know. Nothing wrong with that, of course, but I happen to dig the ladies in a big way. But now I am a lady, and that's the kind of action we women usually offer the man we're with. Or so I hear.

Ya know, for a guy I had to force-feminize, you seem pretty damn eager to get sexed-up. What happened to that girl you mentioned? Tammy? What'd she think if she saw you now?

Tammy? Oh, she'd freak out, for sure. Me wearing her things? She'd kill me. It's strange how much I look like her, though. I guess that's why I'm so dialed-in with being a girl. It kind of feels like I am her, which is why I'm reacting like she would.

Yeah? Well, you better dial it back a bit. My friend and I are turned on by guys who have to be forced to dress up like girls, and right now you sure as hell ain't giving out that vibe.

Sure thing, Rocky. Whatever you say. Don't worry about me, I know what I have to do. You're the guy and I'm the girl. I'll do whatever it takes to get out of this mess in one piece. All I ask is for you to be gentle with me, and drive me back home when you're done. And please don't tell my girlfriend about this. She'd tear me a new one just for looking as pretty as her, never mind the sex. Did I mention this will be my first time?
